

# Who was at the autopsy?

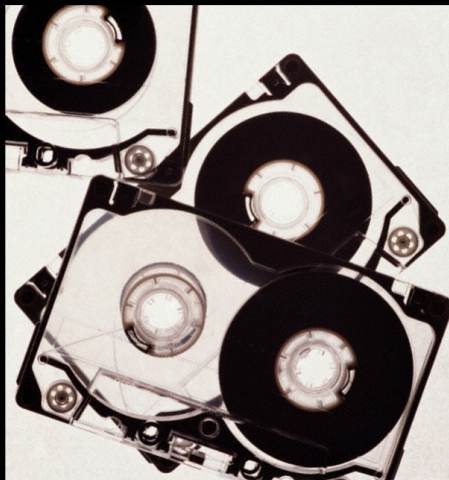

12

**What happened with the video?**

13

**They have the video.  
What more do they need?**

**Was there relevant evidence on the  
RCMP or any other communications  
tapes?**

**What happened to the witnesses?**

# 3 Stage Process

- **Locating**
- **Triaging**
- **Interviewing thoroughly**

**What was the quality  
of the interviews?**

# 6 Principles of Effective Interviewing

1

- **Be prepared**

2

**Establish a rapport**

3

- **Be thorough**

4

- **Be objective**

5

- **Keep control**

6

- **Listen**

**What did the investigators do to track down witnesses?**

**Probably one of the most  
important considerations  
What happened to the involved  
RCMP officers?**

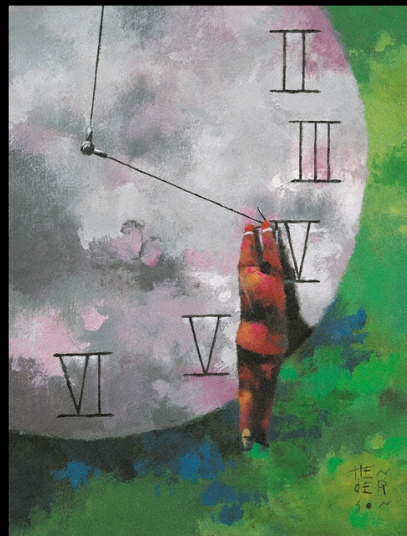

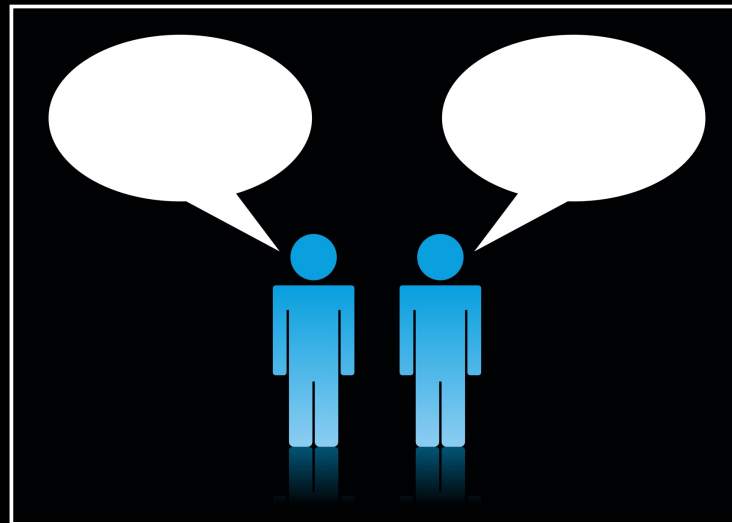

**What happened with  
witness officers?**

**When did the involved officers  
provide an account of what  
happened?**

**What did the involved officers have to say about what happened?**

## What about the involved officers notes?

**When was a written statement provided and did it obviate the need for an interview?**
